## BIOGRAPHY

Muttonheads discovered his passion for music at an early age through the piano, before turning to DJing and electronic composition, influenced by Daft Punk and the vibrant Italo-disco sound of the 1980s.

In 2004, he signed with Serial Records and released **To You**, followed by **Smashing Music**, both immediate successes. The following year, **I'll Be There** became a classic, and he teamed up with Mathieu Bouthier on **Need U** and their cover of **Make Your Own Kind of Music**, which reached number one across Europe.

He continued producing his own tracks and became a resident DJ on **FG Radio**. In 2011, **Trust You Again** exploded onto the charts, hitting number one on **NRJ** and **FUN Radio**, and was distributed worldwide by **Ultra Records**.

In 2013, he returned with Eden Martin on **Snow White (Alive)**, his biggest radio and club hit, reaching number one in Russia. Shortly after, he released his first album **Demomaker**, combining his classics with brand-new tracks.

In 2019, he launched his school **MuttonSchool**, offering personalized training in music production (Ableton Live, FL Studio, Reason).

In 2021, Muttonheads made a major comeback with his album **Climax**, reconnecting with French Touch sounds in a deeply personal project.
